“ I have known Dr Fitzmartin since in the days of old Good Sam Hospital, then we met again where use to be Dayton Rehab and Medical Center of Elizabeth Place, then finally we both catch up at Riveview Health Institute, I will certainly miss the good times we had, fixing that hot cross buns she loves at Easter and that turkey dressings for thanksgiving, night shift will not be the same anymore, will miss her caring attitude towards her patients and her soft approach, she was such a pleasant person to be around. Thoughts and prayers go out to the family. Myrna

“ Dr Fitzmartin was a beautiful person. I will miss her terribly. My prayers to her family. Jay, I remember when you were a little boy and would tag along with your mom when she would round to see patients. She was so happy and very proud to bring you along. You were barely tall enough to see over the table we were sitting at. You would be so excited to get a snack and play games while your mom worked. Beautiful lady

“ I met Cheryl 40 years ago at Wright State University where we were both students. She was a good friend and had a great sense of humor. She loved playing games, especially euchre. A favorite memory I have of Cheryl is the time we spent a week in Hilton Head, South Carolina. I have never forgotten the look of excitement and joy on her face as she encountered the Atlantic Ocean for the first time in her life! I loved her, and I'll miss her.

“ A heart of gold I had a patient one night who had no family or visitors tell me not say anything but Dr Fitzmartin got her a big box of her favorite chocolates . This patient had not been eating and was down and out . Dr Fitzmartin stayed late to talk to her most nights and really let her know she cared . And yes she loved her great grandson she showed everyone his picture any chance she could 🥰 . I am lucky to have worked with such a wonderful women .
